EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Title of present application is changed to:

Data communication with a protocol that supports a given logical address range.

Reason for allowance

3. Claims 1-10, 16-25, 31-40 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest, individually or in combination, establishing a logical path over the network from a primary storage system to a secondary storage system using path logical addresses within the given logical address range; and creating a virtual path over the logical path to carry the data from a source storage device in a first logical subsystem of the primary storage system to a target storage device in a second logical subsystem of the secondary storage system, the first and second logical subsystems having respective first and second subsystem logical addresses which are outside the given logical address range in light of other features described in independent claims 1, 16 and 31.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany
